

Card, Check and Note Files

Convenient, accessible storage for specially sized records:
plus a lifetime of FireKing peace of mind.

Signature cards. Medical records. Canceled checks. For organizing and protecting specially sized records, our large-capacity FireKing Card, Check, and Note Files are the perfect solution. They give you all the safety features of a vault – in an eminently accessible (and, with an optional caster base, portable) container. Like all our files, they carry the Underwriters' Laboratories Class 350 one-hour "Record Protection Equipment Classified as to Fire and Impact Resistance" label.

Use your Card, Check, and Note File to organize and protect: Cash

- Titles and Deeds
- Call-back lists and customer contact cards
- Personnel records
- Birth and Death certificates
- Credit histories

- Medicare and government forms and claims

FireKing Card, Check, and Note Files are equipped with UL-listed high-security keylocks – certified to resist picking and drilling – and a wide variety of locking options is available to ensure confidentiality.

FireKing Card, Check, and Note Files can be ordered in 4- and 6-drawer sizes. Plus, our line of accessories like 2- and 3-section inserts and full-depth trays for cards and checks allows you to customize your Card, Check, and Note File to fit your individual applications and requirements. Finally, FireKing Card, Check, and Note Files are available in nine standard colors (or any custom color you specify) to match your office decor.

UL-rated to protect your vital documents. FireKing Card, Check, and Note Files are Underwriters' Laboratories-listed to protect paper records through the following tests:

- A one-hour fire test in external temperatures of over 1700°F
- A 1550°F-fire-plus-30-foot impact test
- A 2000°F explosion hazard test

Because of its unique steel lattice reinforcement, insulation between drawers, and extra-thick steel panels, a Card, Check, and Note File is UL-rated to survive a fall of 30 feet – and still keep its contents safe in a fire. Combined with the fire and explosion-hazard UL ratings, this test proves that FireKing Card, Check, and Note Files are built to survive under the worst conditions. What's more, their oven-dried, asbestos-free insulation maintains this protection for a lifetime.

We guarantee it.

Like all FireKing files, Card, Check, and Note Files carry FireKing's exclusive Lifetime Warranty on all parts. And our Free Replacement Guarantee: if your Card, Check, and Note File ever has to protect your records in a fire and any damage occurs to its fire-protection abilities, we'll give you a new one free of charge.

FireKing 

Card, Check, & Note File Specifications

Fire and Impact Rating

FireKing Card, Check and Note files' Underwriters' Laboratories "Record Protection Equipment" classification includes a one-hour fire test of 1700°F, a 2000°F explosion hazard test, and a 30-foot impact test.

Insulation

File casting is of specially formulated, asbestos-free gypsum-based insulation, oven-dried to reduce free moisture to less than 1/2%. Insulation is reinforced with 1" x 2" 14-gauge galvanized welded-steel wire; and insulation between all drawers makes each drawer a separate insulated container.

Field-Replaceable Steel Panels

All exterior steel panels are replaceable in the field in the event of minor damage.

Finish

An environmentally friendly, electrostatically applied powder coating gives the FireKing Card, Check, and Note File a scratch-, scuff-, and stain-resistant finish. Plus, a five-stage prefinishing treatment provides unmatched adhesion and rust resistance.

Drawer Suspensions:

Cradle suspensions are securely mounted with screws to metal posts in the file body. (All drawer suspensions are guaranteed for life.)

Drawer Bodies:

Each drawer body is built with high sides for use with hanging folders – no additional frames are required.

Drawer Heads:

Drawer heads are formed of welded steel, and filled with our specially formulated gypsum-based insulation. Each drawer head is designed for a tight interlock with the cabinet frame – making all drawers extra-resistant to heat transfer.

High-Security Keylocks:

Medeco™ drawer keylocks are UL-rated to resist picking and drilling. Because keys cannot be duplicated – except through FireKing – access is limited to authorized keyholders only.

Drawer Bypass:

Works for all file drawers. In its "up" position, the drawer catch allows a drawer to stay unlocked while other drawers remain locked.

Drawer Pulls:

Made of bright chrome-plated zinc, each drawer pull contains an integral index-card holder.

Colors

Card, Check, and Note Files are available in the nine standard colors preferred by today's office designers and decorators:

Parchment	Champagne
Tan	Sand
Taupe	Platinum
Brown	Pewter
Black	

Card, Check, and Note Files are also available in any custom colors you specify.

Lifetime Warranty

All Card, Check and Note Files carry a lifetime warranty on all parts, including insulation and drawer suspensions.

Free Replacement Guarantee

If your Card, Check, and Note File is ever required to protect your documents in a fire, and any of its fire-protective properties are damaged, FireKing will replace it free.

A complete line of accessories is available to customize your Card, Check, and Note File to your individual needs. Ask your FireKing sales representative for details.
